# COURSE DESCRIPTION

BIGANTO EXCEL is a complete financial markets course that will transform beginners into confident investors and analysts. This course provides a systematic approach to understand the complexities of financial markets which are the Foreign Exchange market, the world's largest financial market with \$7-8 trillion traded daily and the rapidly growing Cryptocurrency market.

The course combines theoretical knowledge with practical application equipping students with hands-on capabilities to analyze the markets, implement trading strategies and manage risk on both currency pairs and digital assets. Whether you want to become a professional trader, or just keep ahead of the market, this course will provide you with the foundation to handle your own financial future.

Biganto Excel is designed for aspiring traders ready to take their first step into Forex and Crypto markets. With our step-by-step approach, you will gain the confidence to profit from both traditional and digital financial markets.

## COURSE OBJECTIVES

- **Comprehensive Market Understanding:** Develop a deep understanding of market fundamentals, trading principles, and dynamics across both traditional forex and cryptocurrency markets.
- **Dual-Market Analytical Skills:** Acquire the ability to analyze price movements and identify patterns in both forex and crypto markets.
- **Proficiency in Trading Platforms:** Gain practical experience using professional trading platforms, including MT4 for forex and various cryptocurrency exchange platforms.
- **Integrated Risk Management:** Learn essential money management principles applicable to both traditional and digital asset trading.
- **Personalized Strategy Development:** Create tailored trading plans for forex and cryptocurrency markets, aligning with individual risk tolerance.
- **Real-World Trading Preparation:** Achieve complete setup readiness for real-world trading, encompassing both forex and cryptocurrency.
